FIFTY-FOURTH YEAR

CRITICISM AID TO ENEMY IN TIME OF WAR

MARSHALL DECRIES TENDENCY OF CERTAIN CITIZENS TO EXPRESS DISAPPROVAL OF ACTS OF EXECUTIVE IN CRISIS.

By Associated Press.
NEW YORK, Sept. 17. — Vice-President Marshall speaking at the Golden Jubilee of the Scottish Rite Masons, urged a deeper sense of American obligation in the war. In the belief that the United States could never become involved in European politics, he said, the question of dual citizenship was not raised until the war, in spite of the great tide of immigration.
"No one ever doubted the loyalty to the flag of all of these people, whether foreign-born or the sons of the foreign-born," he said. "Our isolation made it immaterial whether there was any difference between loyalty and patriotism and we did not face the question until it became one of moment."
Speaking of war aims, he said: "Democracy means the rule of the people under whatever form of government they choose to express it, but when once the rule of the people has been expressed through their chosen representatives, however much any of us may think certain policies are mistaken policies, free speech, free press and liberty of conscience do not justify criticism, for criticism, however unintentional, invariably gives aid and comfort to the enemy."
This war to end, but not until the people in every land possesses the right to make peace and to declare war, either directly or through their chosen representatives."

COMES TO FRONT IN A GENEROUS MANNER

CARL REES, OF CHINO VALLEY RELIEVES CONGESTION OF SCHOOL, BY ERECTING 2 ADDITIONAL BUILDINGS AT JUNCTION

(From Tuesday's Daily.)
Jerome Junction school district having been blocked in selling the bonds it voted, and with a problem facing it this year to accommodate 60 pupils with only one small room in which 30 children can be seated, a way out of this dilemma has been happily reached through the good will borne to the cause of education and the generosity of Carl Rees, one of the biggest taxpayers in that region.
He has provided the school with an additional room, and even went so far as to erect a third building which the teachers, Misses Schemmer and Jones, are to use for their personal purposes. The satisfaction of these popular teachers in being able to take care of their 60 pupils and the joy of "backing" is an occasion in which both express supreme pleasure by the attendance question being happily adjusted.

This district also enjoys another quite interesting situation this term, in being the only school in the county which provided traveling accommodations for those who live far away from the school house, a special tax having been voted for this purpose. So every morning a few minutes before 9 o'clock there can be seen wending down the road the familiar farm wagons with over 30 little ones aboard. The children come from the scattered farms of the Hassayampa Company, which land interest is attaining quite a large growth and is weekly adding to the number of school children enrolled. No school in Yavapai county, for its size, according to a statement made yesterday by Superintendent W. Curtis Miller, can boast of having as many seventh and eighth graders, the enrollment being 21, with four in the ninth grade.

Superintendent Miller also visited Ash Fork district, reporting the attendance this term as 49 pupils against 25 last year. The teachers are T. H. Carr and Miss Marie Olson, and both are giving excellent satisfaction.
The Seligman school also enrolled this year a larger attendance than last, having 55 as against 47. Miss Lena Hartsfield, of Prescott, is principal, and is assisted by Miss Edna Brewer, of Texas, both giving splendid satisfaction.

PUBLISHERS DO NOT WANT TO BE THE GOAT

NEW YORK, Sept. 17. — The American Newspaper Publishers Association today strongly protested against punitive taxation of newspapers or "the principle advocated by some of the use of the postal service as an instrument of taxation."
A statement by the postal committee urges publishers to take immediate steps to safeguard their business against being singled out as one to be burdened by taxation not levied against any other line.

Strict Discipline For Russian Army Is Aim Of New Commander, Alexieff

By Associated Press.
WASHINGTON, Sept. 17. — General Alexieff's appointment to supreme command of the Russian armies will be followed by a general reorganization in which old generals will give place to new ones.
First definite news of the reorganization was received at the Russian embassy today in dispatches from Petrograd. Confidence of the troops is being restored by the removal of the former generals, the dispatches said, and the situation is rapidly clearing.
The Korniloff uprising seems to have been quelled without bloodshed and Russian officials here say that the government now is stronger than ever.
The original trouble might have been avoided, Russians here feel, if the emissaries from Korniloff had been able to explain the situation clearly to the government, and it is believed a mistake was made in selecting the men to act as go-betweens between Korniloff and the government.
The Cossack movement is not considered serious any longer, although it is not over with. Strong discipline has been established in the army by General Alexieff and the spirit of the troops is said to be excellent.
Advices to the Russian embassy here say that if the rebels had known of the true conditions in Petrograd they would not have made any move in the nature of an armed reaction.
The government is in good shape now, officials said, to quell anything in the nature of a counter revolution and can present a united front to the German foe.
The military situation is said to be progressing satisfactorily and the armies are fulfilling their task of keeping as many Germans as possible on the Russian front. This is indicated by the report that the Germans now have more troops than ever before on the Russian lines. During the last five days the Russian troops have regained seven miles.

MANY WOULD JOIN TROOPERS WHO ENTRAIN NEXT THURSDAY

(From Tuesday's Daily.)
Of the 169 men who have been called by the local board for entrainment in this city on the night of September 20th, it is believed that about 140 or 150 can be notified in time for them to reach this city, according to information given out by the board yesterday, and arrangements are now being made to provide the required number of alternates for the men who are unable to show up on the date named. During the day, the board was besieged by young men who wished an opportunity to go in event the whole number of men in the original list cannot be gotten together.
The board has prepared a list of the names of 60 men who will be subject to call for entrainment in event there is a necessity for the substitution. Twenty-two of the men whose names appear in the list of 169, have been notified by wire, the men being scattered all the way from Bar Harbor, Maine, to Tia Juana, Mexico. Of the list of alternates presented herewith, the first 12 are those of men who made personal application to the board to be allowed to pull out with the contingent which is to go on Thursday.

AFFAIRS SHAPED FOR OLD MINE TO RESUME

LITTLE JESSIE, IN CHAPARRAL, INSPECTED BY OHIO STATE OFFICIAL, WHO APPROVES OF LEGAL PLAN OF FINANCING

(From Tuesday's Daily.)
Before the first of October, it is learned from authentic sources, the Ohio Mines Company of Chaparral will be in active operation on a plan that has been under consideration for several months, but action on which has been deferred through official channels in the State of Ohio. The blue sky laws of that State, in short, have been the obstacle by which certain financial restrictions were imposed in the disposition of stock interests, owing to the mining company maintaining its main offices at Cleveland.
The authority to resume on a basis by which legal matters have been finally adjusted, is announced. State Corporation Inspector Farrell concluding last week an investigation of the holdings and it is reported will highly endorse the property for the legal purposes desired, which is the last stage in resuming operations at one of the famously known gold mines in Arizona, during the 1890 period. It is also learned that large financial support has been subscribed for this property, and had it not been for the legal restrictions imposed in Ohio, this gold group would have been active early in the year.
A great amount of preliminary work has been performed, and the mine is in such an excellent shape that practical development can be started at once.
The reviving of this property, which is more familiarly known as the Little Jessie, brings back into an active state the first heavy gold producer of the Chaparral field, its affairs in later years becoming disturbed by litigation, terminating in a suspension for over 15 years. Several of the principal shareholders of the old company have come forward with the funds necessary for large operations in which permanency is assured. The Jessie is equipped with a fine operating plant, the old workings have been unwatered to the 400-foot level, and ore bodies opened warrant the big movement decided upon.

MAY DECLARE A MORATORIUM IN EFFECT

CONGRESS TO BE ASKED TO PROTECT BUSINESS AND LEGAL AFFAIRS OF ABSENT SOLDIERS AND SAILORS.

By Associated Press.
WASHINGTON, Sept. 17. — Legislation to protect the civil and property rights of soldiers, in effect a moratorium for the duration of the war, may be placed upon the administration's law program.
The soldiers' and sailors' civil rights bill to carry out this purpose has already been introduced, and Secretary Baker is now planning to get the administration forces behind it. The measure would save soldiers and sailors from legal injustices during their absence by establishing as a legal excuse for the failure to carry out certain contracts the fact that the man is in the military service.

FOUR ATTACKS BY AUSTRIANS REPULSED

By Associated Press.
On the Bainsizza plateau the Italians have repulsed four determined attacks by the Austro-Hungarians. Increased artillery activity is reported in the Carnia sector of the Austro-Italian front.
